## Description

Gulf Stream's Super Size Kayak Launch Dock is perfect for HOA's and other high traffic areas. Or for any one who wants more space for sunning, fishing, storage, etc. Featuring Gulf Stream's proprietary roller bars that makes launching and landing almost effortless. Plus, it is extremely stable which makes getting in and out of the kayak easy and very safe. Once you are in the kayak just push yourself back to roll right off. You can attach a grab line that you use to effortlessly pull your yourself back on – the roller bars do all of the work!
